 Subject: Donlin Gold EIS: Federal Register notice published today, Project website is live

Friends,

Don asked me to pass on word today that the Notice of Intent was published in the Federal Register Notice today. This provides formal notice that the EIS project is underway. A .pdf coy is attached, and the document is found at this address:

<http://www.gpo.gov/fdsys/search/pagedetails.action?granuleId=2012-30198&packageId=FR-2012-12-14&acCode=FR>

In addition, the Donlin Gold EIS project website has gone live in the last hour. The address is:

<http://donlingoldeis.com/>

The website was developed by the EIS Team, with review by Corps. It follows the structure of the website schematic provided in the 9/13/2018

Public Involvement Plan, and much of the text is derived from the presentation by the Corps at the BIA Providers Conference.

However, this is a first version, and the cooperating agencies may have comments and proposed revisions. Please arrange for review within your agency and consolidate your review comments in a Word document in the following review comment format. Let's set a target to receive your comments back by **Friday, December 21, 2012**. Please submit your comments to Don and cc me (Taylor).

Page	Comment	Proposed change
General look, feel, organization		
Home page		
Project overview		
Etc.		

Thank you.
